

[BioInformatics: Medical Applications](#)

27th Annual International Symposium

Thursday, May 29th, 2014 -- 8:30AM / 6:00PM
Hunter College of the City University of New York
East 68th Street at Lexington Avenue, New York, NY 10065
Room 714HW | [Maps and Directions](#)

<http://ctbr.hunter.cuny.edu/bioinfo2014>

[FREE REGISTRATION](#)

Pre-register by **Monday, May 26, 2014** for a free light lunch
On-site registration is available (does not include lunch).

[POSTER WITH CASH AWARDS](#)

Top three posters will receive cash prizes.
Submit a poster by **Monday, May 19, 2014** for consideration.

Keynote Speakers

Søren Brunak

Owen White

Feng Zhang

Professor, Director of the Center for Biological Sequence Analysis, Technical University of Denmark.

Professor of Epidemiology and Public Health, Director of the Bioinformatics Department, Institute for Genomics and Biotechnology, Harvard Medical School.

Assistant Professor of Biological Engineering and Brain and Cognitive Sciences, Massachusetts Institute of Technology.

Bioinformatics medical Applications

Morning Session:

[Søren Brunak](#) , (keynote speaker), Professor, Director of the Center for Biological Sequence Analysis, Technical University of Denmark

[Nicola Mulder](#) , Associate Professor, University of Cape Town; President of the African Society for Bioinformatics and Computational Biology; Coordinator of the H3Africa Bioinformatics Network

[Timothy Thornton](#) , Assistant Professor, Department of Biostatistics, University of Washington

[Tuuli Lappalainen](#) , Assistant Professor, Department of Systems Biology, Columbia University; Junior Investigator and Core Member, New York Genome Center

Afternoon Session

[Owen White](#) , (keynote speaker), Professor of Epidemiology and Public Health, Director of the Bioinformatics Department, Institute for Genome Sciences (IGS), University of Maryland School of Medicine

[Weigang Qiu](#) , Associate Professor of Biology, Hunter College, City University of New York

[Joao Xavier](#) , Assistant Faculty Member, Computational Biology, Memorial Sloan Kettering Cancer Center

[Christine Eng](#) , Professor of Molecular and Human Genetics, Medical Director of DNA Diagnostic Laboratory, Director of Storage Disorders Clinic, Baylor College of Medicine

[Feng Zhang](#) , (Closing Keynote Speaker) Assistant Professor of Biological Engineering and Brain and Cognitive Sciences, Massachusetts Institute of Technology

Symposium Planning Committee:

Co-chair: **Paul Feinstein**, Hunter College of the City University of New York

Co-chair: **Weigang Qiu**, Hunter College of the City University of New Yo

Fabien Campagne, Weill Cornell Medical College

Hilary Monaco, Graduate Student, Memorial Sloan-Kettering Cancer Center

Joao Xavier, Memorial Sloan-Kettering Cancer Center

Denise Charles, Hunter College CTBR

Carlos Lijeron, Hunter College CTBR

Program Leadership:

Jesus Angulo, Principal Investigator, Center for Translational and Basic Research (CTBR), Professor of Biological Sciences, Hunter College, CUNY

Rodrigo Valles, Jr., Associate Program Director, Center for Translational and Basic Research (CTBR), Hunter College, CUNY

Julianne Imperato-McGinley, Associate Dean of Translational Research, Weill Cornell Medical College

CBRT Staff

Coordinator: **Denise Charles**, Program Administrator for Communications and Outreach
Leah Abraha, Program Assistant and Evaluation Liaison
Megan Anderson, Collaborations and Development Coordinator
Richard Baldwin, Web Programmer
Vincent Cayenne, Web Programmer
Christine Gonzalez, Associate Program Manager
Carlos Lijeron, Internet2 Facility Manager
Raul Morales, Network Facility Manager
Jeanne Waxman, Program Manager
Shirley Yang, Special Program Assistant

Symposium ■ Sponsors■

Hunter College of the City University of New York, Center for Study of Gene Structure & Function <http://ctbr.hunter.cuny.edu> and Clinical & Translational Science Center, Weill Cornell Medical College <http://www.med.cornell.edu/ctsc/index.html>

including its partners: Hunter College School of Nursing, Cornell University Cooperative Extension in NYC
Memorial Sloan-Kettering Cancer Center, Hospital for Special Surgery

Please check back for updates, including speaker abstracts.
